

THE LITTLE RED ROOSTER BLUES BAND

Since their formation in 1988, they have become one of the Delaware Valley's premier blues bands, consistently delivering their own brand of blues, always combined with a crowd-pleasing, high-energy performance and a whole lot of fun! The band has built a community of friends and fans of the blues, one that cannot be matched! They have performed at clubs and festivals throughout the United States, and have even toured Europe on multiple occasions, averaging between 150 and 170 performances per year. To date, they have released 7 CDs of original material, all of which were widely acclaimed by critics and fans alike!

In February of 2015, the band was inducted into the **International Blues Hall of Fame**, and in 2016, they were voted **Best Band in Bucks County**, PA, by the organization Bucks Happening. In July of 2018, the band's CD made **Living Blues Radio Chart's Top 25**.

Their passion and respect for the music, along with their ability to fully engage their audiences, virtually guarantees a phenomenal live blues experience, every time.

PRESS

"A group with plenty of instrumental skill, quality original material, and a traditional approach that will surely strike a chord with listeners who relish those qualities."
